

NEWSLETTER NO. 2/2017

NEW PACKING DECLARATION FORM AND FUMIGATION CERTIFICATION ISSUE

Dear Customers,

some clients are still using an old packaging declaration form for shipments to Australia, which is causing consignees issues. Please do the needful and ensure that all are using the correct form. We send it as an attachment.

Please also note that the fumigation certification must have a link to the HBL and be stamped.

Please pass this information to your clients to avoid your consignees having their goods stopped by customs and quarantine and then ending up in storage.

Thank you
